

Internal Audit

Internal auditors audit within the organization to proactively assist management and the entity's Board in achieving established objectives. The internal-audit function helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes. Enhance your MPA degree with an [internal audit certificate](#). Gain the skills and knowledge to conduct basic internal audits on your first job. UT Austin is one of only 24 universities in the world endorsed by the Institute of Internal Auditors. Learn more [here](#).
