## Management Track Courses 2024-2026 Catalog

### Please Note:

MAN 336 and MAN 374 do not count as Management Track Courses

---

### General Management Track

The major objective of the general management track is to train broadly competent administrators for service in a wide variety of organizations – public or private, product- or service-oriented, profit or not-for-profit. To accomplish this basic objective, the program offers the student the opportunity to acquire knowledge about the management of human and physical resources and to acquire skills useful in the management of any organization.

- **12 hours of upper-division coursework in Management (MAN)\*\***  
\*\* Please note that practicum courses (Management 347P, 366P, 367P, 369P) may be used to satisfy a management elective or the BBA experiential learning requirement, but one class may not be used to satisfy both.
- 

### Consulting and Change Management Track

The consulting and change management track is designed to prepare students to become leaders in consulting firms, firms which require consulting advice, and firms implementing important changes. Consulting processes often involve extensive analyses of the firm's competitive position, capabilities, organizational processes, culture, etc. Once a new direction is developed the process of implementing the changes must be managed. Examples of such changes include introducing new competitive thrusts, revised organizational structures, new technologies, and expansion into new geographic markets.

- **MAN 328** Consulting & Change Management (**required**)
  - **MAN 372T.18** People Analytics (**required**)
  - **6 hours upper-division coursework in Management (MAN)**  
**Recommended Options if Available:**
    - **MAN 372T.20** Strategic Change and Innovation
    - **MAN 372T.21** Art and Science of Negotiation
    - **ACC 329** Managerial Accounting and Control
    - **O M 372T.1** Total Quality Management
- 

### Entrepreneurship Track

The entrepreneurship track aims to empower students with the perspective, knowledge, and skills necessary to engage in entrepreneurship and equip students with entrepreneurial thinking and talents to propel their success in a knowledge-based, innovation-driven economy and across a broad range of industries and settings. The entrepreneurship track is designed for undergraduate students interested in starting their own business ventures, managing new ventures and products, or generating and implementing new ideas in any role throughout their careers. This track is also recommended for undergraduate students geared towards careers in consulting, new product development, technology commercialization, innovation, product management, event management, strategy, and business development.

- **MAN 327** Innovation/Entrepreneurship (**required**)
  - **MAN 327E** New Venture Mechanics (**required**)
