Meeting Minutes: October 3

  ○ RSAC Committee
  ○ Academic Expo Audit
  ○ S.B. 1203: Passed
  ○ S.R. 1202: Passed
  ○ S.R. 1203: Not passed
    ■ New Honor Code
      ■ I shall uphold the core values and not tolerate academic dishonesty. Why negative?
        ● "The Whip Mentality" they want something with more teeth and urgency.
      ■ Integrity isn't one of our core values, why can't we be integrity filled people?
        ● There's a bunch of different agendas, but we're all students, so academic integrity connects all of us.
      ■ Not tolerating academic dishonesty? Why don't you trust us to uphold it?
        ● President Powers: "THIS IS NOT SOVIET RUSSIA!"
    ■ 41 words to 36, huge jump. Now its one list instead of two.
  ○ Discussion and Debate
    ■ Summary: The engraving on the steps will not change. Mostly changes are intangible. Honor Code should reflect that we're more than just students here: "Don't pigeonhole academic dishonesty." 36 words is better than 41 because 41 is cumbersome. Melissa thinks this is bullshit because she has it memorized. Should connect us to alumni. If you wanted to make an amendment you should have done it yesterday. Should deal with more than academic integrity. Emile really wants to amend this resolution.
  ○ S.R. 1204: Passed
  ○ Dual Degree IDA
    ■ You can put two majors in and it lets you know what you have and what you don't have.
    ■ Minors are included in the IDA. We're not really sure if freshmen can do minors or not.
