

TEXAS McCombs

The University of Texas at Austin
McCombs School of Business

PHD OPEN HOUSE

November 17, 2020

Prof. Susan Broniarczyk
Associate Dean for Research

Texas McCombs is Ranked #12 Worldwide for Business Research With 5 PhD Programs

- Accounting
- Finance
- Information Risk and Operations Management
- Management
- Marketing

PhD Open House Agenda

- Welcome Associate Dean for Research & Dean
- Basics of PhD Business
- Hear from PhD Advisors in Each 5 Programs
- Current Student PhD Panel

TEXAS McCombs
The University of Texas at Austin
McCombs School of Business

WELCOME FROM DEAN

Prof. Lillian Mills

Why PhD McCombs Business?

- **Rigorous & Relevant Research that Impacts Business and Policy**
- **Small Programs Utilize Apprenticeship Model: 1 PhD Student:1 Research Active Faculty**
- **Flexibility to Work with Multiple Faculty in Department**
- **Fully Support Our PhD Students for 5 Years**
 - 20 hour TA/RA position Fall, Spring, & Summer: \$18,000 Compensation + Insurance + Tuition Waiver
 - Additional Fellowships: \$5,000- \$23,000
- **Excellent Academic Placement in Attractive Faculty Positions**
 - Starting Salary: \$150,00 - \$230,000

McCombs PhD Placement

2018

- U of Minn
- Ohio State
- Cornell
- Georgia State
- Temple
- McGill
- Nanyang Tech
- Syracuse

2019

- Ohio State
- 2 Texas A&M
- Nat. Univ. of Singapore
- City Univ. Hong Kong
- HEC France
- U of Georgia
- U of Arizona
- UC-Berkeley Post-Doc

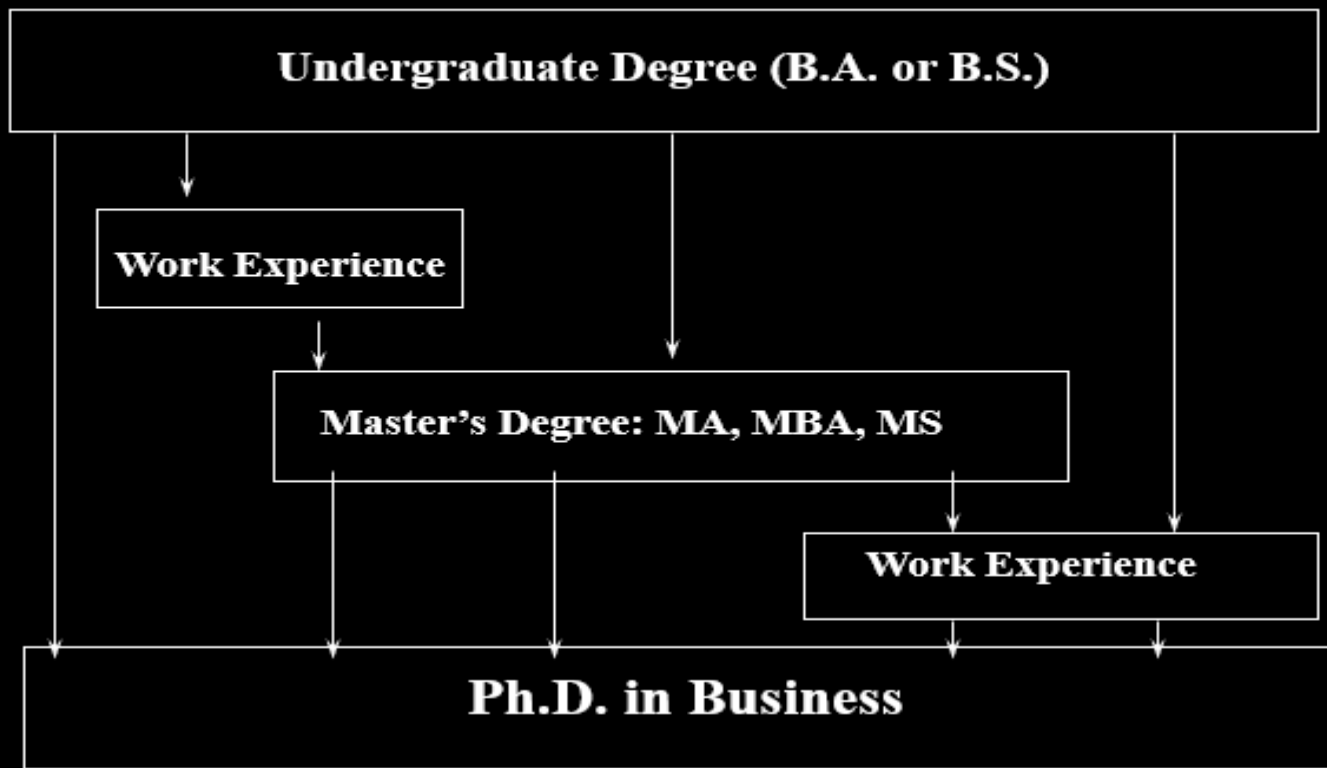

2020

- USC
- Purdue
- NUS
- Michigan State
- U of Pittsburgh
- UTSA
- HEC Paris
- Indian Bus. School
- McGill
- Facebook

Recent Dissertations

- **Shannon Garavaglia (Accounting):** *What's in a name? Investors' reactions to non-GAAP labels*
 - **Erica Jiang (Finance):** *Financing Competitors' Essays on Shadow Banks' Funding*
 - **Xiaofan Li (IROM):** *The Economics of Cyber Crime*
 - **Andrea Marquez (Management):** *Guiding Entrepreneurial Odyssey: How Mentors Impact Strategy Formation in Nascent Ventures*
 - **Frank Zheng (Marketing):** *Consumer Behavior in a Digital Environment with Superficial Information Processing*
- Human Centered. Future Focused.**

Paths to a Ph.D. in Business

PhD McCombs Admission

- **Small Programs Admit 3-4 Students Per Year**
- **Open to All Academic Backgrounds Demonstrating Research Ability**
 - Business Degree **NOT** Required
 - Masters Degree **NOT** Required
- **Program: Year 1-2: Coursework + Research; Years 3-5: Dissertation + Other Research**
- **Application Deadlines**
 - December 15: Accounting, IROM, Management, Marketing
 - January 15: Finance

Admission: Frequently Asked Questions

- **Is the GRE/GMAT a requirement?**
 - Yes, the GRE or GMAT is a requirement for admissions. However, if you do not have a valid GRE or GMAT score due to COVID-19 related reasons, one can obtain a waiver by uploading and submitting a brief statement to that effect as a separate document in your application.
- **What funding is available?**
 - Funding packages are offered to individuals admitted to our programs, and their offer includes a fellowship award and a 20-hour/week work appointment. With this appointment, students qualify for in-state tuition rates, discounts on tuition, and employee health insurance. Specific funding packages are discussed with individuals when an offer of admission is made.
- **Is the TOEFL/IELTS a requirement for international applicants?**
 - Yes, the TOEFL or IELTS is required for all international applicants. This requirement can only be waived if the applicant is originally from a country where English is the official language or if they received a Bachelor's degree in the US or in a country where English is the official language.

Admission: Frequently Asked Questions

- **Is this a full time program? Can I study remotely?**
 - All PhD programs in the McCombs School of Business are full time only programs and students are expected to live and work in Austin during their program.
- **Can the application fee be waived?**
 - The application fee cannot be waived by the school. These fees are set by the University. For more information about the application fee and if waivers are available from the University, please contact the Graduate and International Admissions Center (GIAC).
- **I have questions about a specific PhD program in McCombs.**
 - Please contact the PhD Coordinator from that program.

PHD IN ACCOUNTING

PhD Advisor – Prof. Lisa Koonce

PhD Coordinator – Leticia Sheffield

RESEARCH TOPICS

RESEARCH TOPICS AND METHODOLOGIES/ FACULTY EXPERTISE

Research Topics X Research Method Area	Financial Reporting	Auditing	Managerial	Taxation
Archival	Rowland Atiase Shuping Chen Michael Clement Matt Kubic John McInnis Sara Toynbee Yong Yu Wuyang Zhao Urooj Khan	Nicholas Hallman Jaime Schmidt		Andrew Belnap Lisa DeSimone Lillian Mills Brady Williams Aruhn Venkat
Experimental / Survey	Eric Hirst Lisa Koonce Brian White Jeff Hales	Steve Kachelmeier	Eric Chan Steve Kachelmeier Brian White	
Theory	Hyun Hwang	Aysa Dordzhieva	Volker Laux Ronghou Zheng	Lillian Mills

Financial Archival Research

- Sharp discontinuity around zero for levels of earnings and changes in earnings (compared to last year).

- Firms are more likely to make a penny a share than to lose a penny a share or exceed last year's earnings by a penny than to miss by a penny

PHD IN FINANCE

PhD Advisor – Prof. Aydogan Alti

PhD Coordinator – Robyn Lynch

- **FINANCE IN PRACTICE**

- Financial services account for a large and growing part of economic activity (close to 10% of GDP according to recent estimates)
- Affects virtually every corner of the economy: Households, corporations, small businesses, public sector,...

- **FINANCE AS A RESEARCH DISCIPLINE**

- Focuses on optimal allocation of risk and capital
- An applied branch of economics, similar research questions and methodologies
- Close professional ties between economics and finance academia (similar training, publication outlets, conferences, etc.)

- RESEARCH AREAS

- **ASSET PRICING:** Market Efficiency, Risk and Return, Derivative Pricing
- **CORPORATE FINANCE:** Capital Structure, Corporate Investment, Corporate Governance
 - Emphasis on an integrated perspective: Financial markets coordinate the actions of investors and corporations
- OTHER: Macro-Finance, Banks and other Financial Institutions, Household Finance, Market Design

- METHODOLOGIES

- **Theoretical modelling**
- **Empirical studies with field data**
- **Quantitative modelling**
- Other: Experimental data, surveys

FINANCE FACULTY AT MCCOMBS

- Large group of researchers, active in every field of finance
- Several thought leaders in their fields (journal editors, association presidents etc.)

SOME EXAMPLES OF RECENT RESEARCH TOPICS

- **Financial Crises**: Government Bailouts, Banking Regulation, Mortgage Markets
- **Fin-Tech**: Online lending platforms, role of technology in investing, Crypto-Currencies
- **Finance and the New Economy**: Globalization, Automation, the Gig Economy, Inequality

PHD IN INFORMATION, RISK, & OPERATIONS MANAGEMENT (IROM)

Sirkka Jarvenpaa
PhD Advisor – IROM Department
Alana Lipham
PhD Coordinator – IROM Department

Decision Science Research Areas

Methodology

- Data-Driven Optimization
- Robust Optimization
- Decision Analysis
 - Multi-attribute Utility Theory
- Dynamic Programming
- Stochastic Control
- Machine Learning
 - Deep Learning
 - Online Learning
 - Reinforcement Learning
- Statistical Network Models
- Data Envelopment Analysis

Applications

- Business Analytics
- Quantitative Finance
 - Computational Finance
 - Portfolio Optimization
 - Valuation in incomplete markets
 - Behavioral Finance
- Online learning
- Revenue Management
- Social Media Analytics
- Financial Regulation and Stability

For more information contact
Professor Muthuraman:
kumar.muthuraman@mcombs.utexas.edu

- Insurance and Risk Management
- Energy Markets
- Real Estate
- Healthcare and Biomedicine
- Real options
- Risk Propagations in Supply Chain

Human Centered. Future Focused.

Information Systems Research Areas

Emerging Technologies

- Economic analysis of cloud computing
- Bitcoin and blockchain impacts
- Digital innovation, transformation and commercialization
- Ecosystems, platform design, strategy and business value
- Machine learning for decision support
- Algorithmic fairness and accountability
- Autonomous driving and IoT monitoring
- Outsourcing and Partnerships

Social Media Analytics

- Economics of social networks and digitization
- Information diffusion in social networks
- Machine learning and causality methods
- Social peer influence and productivity
- Social and mobile advertising
- User-generated content analytics and organizational business value
- User sentiment mining for applications
- Social network inference and interventions

Health IT & Analytics

- Integration of mhealth and EMR data
- Impact of health IT on patient-provider engagement and health outcomes
- Predictive analytics models
- Impact of health IT on value-based care performance
- Online reviews and provider analytics
- Incentive and market design

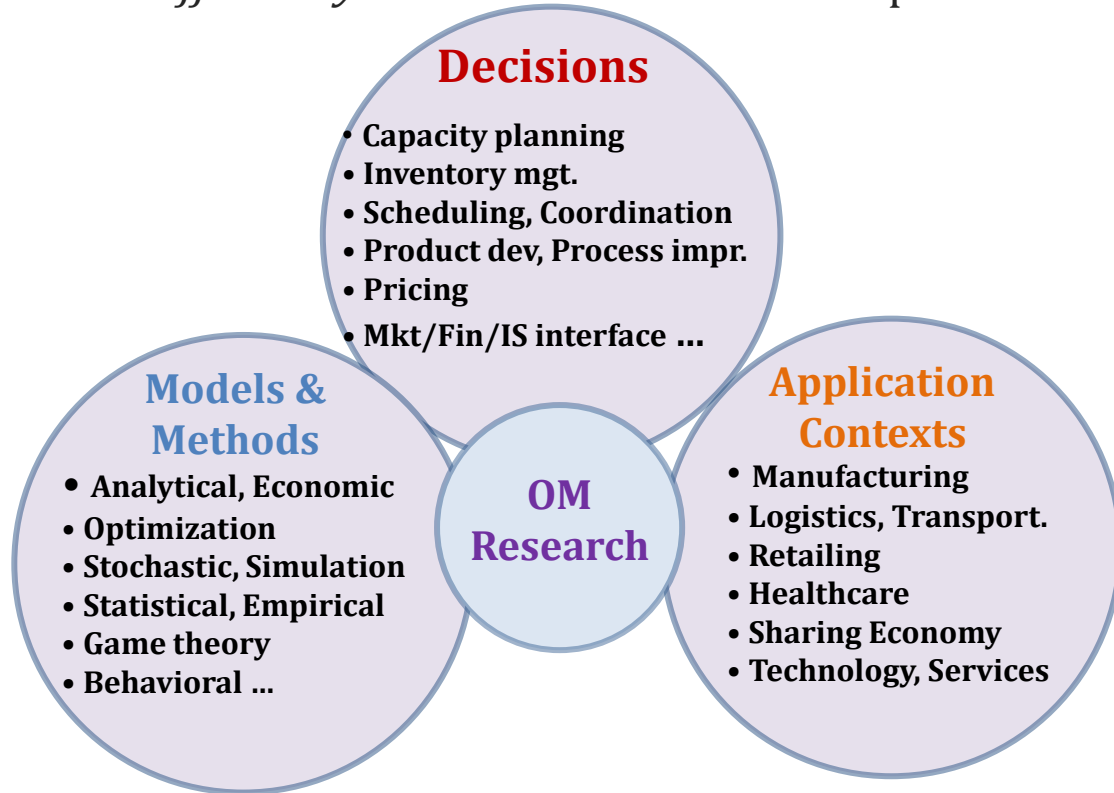

Privacy, Security, etc

- Cybersecurity and risk analytics
- Development and application of AI and machine learning applications
- Behavioral economics and information systems applications (contracting, platform design, fake news, etc.)

Operations Management

Central question in OM: How to allocate resources and coordinate activities to *effectively* meet customer needs for products and services

- **Excellence in OM** is key to business success: e.g., Amazon, WalMart, Toyota, Cleveland Clinic, Uber,
- **OM @ McCombs:**
 - Ten tenure-track faculty members from top universities. Diverse domain interests and research expertise
 - Develop and apply **math. and data-driven models** to provide strategic insights and support managerial decisions. Rigorous + relevant
 - Research characterized by: **Decisions** being addressed; **Models & Methods** used; **Application Context**

PHD IN MANAGEMENT

PhD Advisor – Prof. Francisco Polidoro Jr.

PhD Coordinator – Kristen Bond

PhD in Management: Two Major Areas of Study, Many Topics

Unit of analysis
↑
Individuals - groups - organization - environment
↓

Organizational behavior

- ✓ Individuals and groups
 - ✓ Creativity
 - ✓ Human capital
 - ✓ Team dynamics
 - ✓ Ethical dilemmas
- ✓ Organizational identity
- ✓ Organizational culture

Strategic management

- ✓ Performance differences across firms
- ✓ Competitive strategy
- ✓ Collaborative strategy
 - ✓ Technology, innovation, and entrepreneurship
- ✓ Innovation platforms and ecosystems

Human Centered. Future Focused.

PhD in Management: Our graduates' achievements

- ✓ Placement in top research-oriented schools.
- ✓ Award-winning research.
- ✓ Productive scholars, publishing regularly in top-tier management outlets.

- ✓ Intellectual leaders in the field (e.g., editors, editorial review board members, conference panelists).

PhD in Management:

Exciting opportunities for you to explore

- ✓ New forms of organizing (e.g., ecosystems, crowdsourcing, open innovation).
- ✓ Outcomes geared toward progress (e.g., corporate social responsibility, social entrepreneurship, gender parity, social equality, climate change).
- ✓ Organizational learning and organizational resilience in the face of the imponderable (e.g., pandemics).
- ✓ Impact of technologies on organizations and work environment (e.g., virtual workplace, AI in legal and medical profession).
- ✓ New research tools (e.g., big data, machine learning, natural experiments).
- ✓ _____ (your dissertation here!).

Human Centered. Future Focused.

McCombs School of Business

PHD IN MARKETING

PhD Advisor – Prof. Jason Duan

PhD Coordinator – Susannah Raulino

Marketing Research Areas

Marketing Strategy

- Substantive marketing strategic issues in multiple perspectives
- Marketing theory development
- Empirical testing of marketing strategies

Consumer Behavior

- Research based on consumer psychology
- Lab and field experiments
- Interaction with subject pools

Quantitative Marketing

- Develop and apply novel quantitative methods
- Economic theory and statistical methods
- Data and computationally intensive

Research Topics in the Areas

Marketing Strategy

- Marketing activity and corporate financial market performance
- Corporate social responsibility
- Culture influence, branding and promotion
- Consumer response to word of mouth

Consumer Behavior

- Consumer motivation, goal process
- Interpersonal relationship between consumers and marketing
- Social and psychological influence in donation and crowdfunding
- Consumer financial responsibility

Quantitative Marketing

- Identify forward-looking behavior: e.g., stockpiling, data plan
- Social media content analysis
- Incentives and management of sales force
- Dynamic management of crowdfunding

PhD's in Marketing

- ❖ Pioneer marketing concepts and research
- ❖ Create greater and positive social impact of marketing
- ❖ Become professors or scholars in marketing research
- ❖ Publish in the top peer-reviewed marketing journals
