

STUDENT ORGANIZATIONS

Texas Evening MBA Program

Graduate Business Council

The Graduate Business Council (GBC) provides a forum for student leaders to work directly with program leadership on to oversee the development, improvement and maintenance of a strong sense of community and pride within the Texas MBA program. Additionally, the GBC serves to promote diversity and inclusivity within the Texas MBA programs. The GBC should cultivate the values of community, philanthropy and legacy. The GBC is the student government for all students enrolled in the Texas Evening MBA program.

McCombs Ambassador Committee

The McCombs Ambassador Committee (MAC) within the Texas Evening MBA Program plays a vital role in providing the admissions staff with a student perspective on the MBA admissions process. MAC members participate in many aspects of MBA admissions including planning and attending recruiting events and serving as a point of contact for prospective applicants. As current students who were recently in your shoes, MAC members are a source of insight into the program for you as a prospective student, and a source of constant feedback for our admissions office to ensure we are addressing your needs as potential applicants and future Texas MBAs. To contact a current MAC member, please email Texas Evening MBA texaseveningmba@mcombs.utexas.edu.

Graduate Women in Business

Graduate Women in Business (GWIB) strives to provide an atmosphere conducive to the professional and personal development of its members.

GWIB's goals include: improving the visibility of women in the McCombs School of Business, offering career development resources to its members, providing opportunities for its members to enhance the skills they need to remain competitive in the marketplace, connecting members to news stories and articles related to women's issues in the workplace, acting as an informational resource for prospective McCombs students, and promoting a spirit of camaraderie among our members and women in the business community in a variety of social settings and events.

Texas Consulting Club

The Texas Consulting Club's (TCC) mission is providing students with the resources, training, and connections to McCombs staff, alumni, and current students with experience in consulting. TCC offers its members opportunities for case interview practice by providing practice materials and practice groups. Traditionally, first-year and second-year MBA students interested in pursuing a career in consulting make up the membership of this club. Workshops, seminars and mentoring transform this club's members into effective, and sought-after, Evening MBA consultants.
